# Enrichment Classes

**CHAPEL:** The Day School children gather in the sanctuary as a group each Wednesday to sing, pray, and listen to a Bible story. It is our goal to reinforce that every person is worthy of God's love. Birthdays are also recognized each week in Chapel.

**LIBRARY:** Each class visits the church library weekly. The library specialist reads favorite stories and assists the children in checking out a book. The Day School also sponsors a Fall Book Fair.

**CREATIVE MOVEMENT:** Each class participates weekly in special activities designed to enhance large motor skills.

**COMPUTER:** Each class participates weekly in activities designed to teach basic computer skills.

**SPANISH:** Our Spanish specialist teaches basic Spanish to the children. They come away knowing colors, numbers, letters, animals and a few Spanish songs.

**TUMBLE TYKES GYMNASTICS:** For an additional fee, a gymnastics class is offered on Friday afternoons. Tumble Tykes uses a fully padded and carpeted bus that has gymnastics equipment permanently installed. These classes focus on tumbling and basic motor skills development.

**CLASSROOM ACTIVITIES:** The activities in each classroom revolve around learning or interest centers. These centers provide experiences at varying levels of difficulty and complexity based on the needs of the children. A combination of several of them will be used every day.

Art	Blocks
Books/Reading	Cooking
Dramatic play	Manipulative
Outdoor play	(fine motor, math)
Science/Discovery	Writing
Water play	Sand play
